SUMMARY

A dedicated 4th Year Computer Engineering student with hands-on experience in programming, hardware-software integration, and collaborative project development. Completed coursework in C, C++, Java and Python, with a strong focus on logic building, software design, and structured coding. Participated in lab-based activities involving microprocessors, digital systems, and circuit design. Known for strong analytical thinking, adaptability, and effective teamwork, with a growing proficiency in information architecture and time management.

ACADEMIC EXPERIENCE

- Participated in collaborative engineering projects, contributing to design, testing, and debugging, while developing teamwork and analytical thinking.
- Practiced technical writing and documentation for academic submissions, improving clarity and structure in project reports.
- Participated in lab-based projects involving microprocessors, digital systems, and basic circuit design, reinforcing hardware-software integration.
- Completed coursework in C, C++, Java and Python, with emphasis on core programming logic, software design principles, and structured coding practices.
- Served as the UI/UX designer for our project system, focusing on user-centered design, interface layout, and improving overall usability and accessibility.

EDUCATION

Cagayan State University - Carig Campus — **2023 - Present**
Bachelor of Science in Computer Engineering
Tuguegarao City, Cagayan

Don Mariano Marcos National High School - SHS — **2021 - 2023**
Science, Technology, Engineering, And Mathematics
Guising, Gattaran, Cagayan

Don Mariano Marcos National High School - JHS — **2017 - 2021**
Guising, Gattaran, Cagayan

Gattaran West Central School — **2013 - 2017**
Centro Sur, Gattaran, Cagayan

Don Jorge Nolasco Primary School — **2010 - 2013**
Sta. Maria, Gattaran, Cagayan

KEY SKILLS

Technical Skills

- Programming Languages: C, C++, Java, and Python
- Knowledge of Microprocessors and Embedded Systems
- Basic Digital Logic Circuits and Electronics

Soft Skills

- Fast Learner with Hands-on Learning Approach
- Teamwork and Collaboration
- Time Management and Organizational Skills
- Problem-Solving and Critical Thinking
